USPC CHAMPIONSHIPS

The following have met the qualifying criteria based on age, rating and satisfactorily completing the qualifying rally as per the criteria stated in the rulebook. A signed affidavit from an official of a recognized HT or one that is run over a "comparable" course that shows the competitor satisfactorily completed the HT with no elimination in any phase and no more than 20 jumping penalties on the cross country phase. If the HT was a USEA recognized HT I can get the scores from the USEA web site. I must have the signed affidavit, in hand, no later than June 6th. Please send to me as an attachment to email or by snail mail to Jan Goodmundson, 501 Peaceful Rd. Chesapeake, Va 23322. The scores of the second qualifying HT do not count in placing and the order and team placement will be based on the scores from the qualifying rally. It is believed that each region will be able to send 2 teams in each division but it must be understood that the second teams may be declined if the entry numbers are too high and space becomes a concern. Please let me know right away if you do intend to participate in the USPC Championship or do not intend to participate in the USPC Championships. If you have not completed the second qualifying HT and will not have it completed by the June 6th deadline I will need to know this as well. You can email your acceptance of a team position to me at ponymom@aol.com

CONGRATULATIONS FOR A JOB WELL DONE!!!
